Standard 8.5" x 11" paper works perfectly.

Step Three

Coloring Fun

After storytime, it's time to bring the magic to life with printable coloring pages featuring Elfie's magical friends.

- Print as many Unicorn and Dragon coloring sheets as you need.
- Encourage students to mix and match, or choose their favorite creature.
- Crayons, markers, or glitter pens make it extra magical

Step Four

Positive Magic Circle Activity

Invite your students to sit in a circle and imagine the magical powers they'd use to help others. This activity encourages kindness, empathy, and confidence, and is a lovely way to build classroom community after storytime.

Example prompts:

- "What magical power would you use to make the world better?"
- "If you were a wizard, how would you help a friend?"
- "What spell would you say to cheer someone up?"

✨ **Bonus:** Have students "cast" their powers into the center with a fun motion or sound — like a "whoosh," "poof," or sparkly wave — to make it feel extra magical!

Step Five

Magical Creature Movement Game

A quick, high-energy activity that gets kids moving and laughing!

- **Call out a creature, and students act it out:**

- "Twirl like a fairy!"
- "Swim like a mermaid!"
- "Jump like a giant!"
- "Tiptoe like a troll under a bridge!"
- "Roar like a dragon!"
- "Fly like a unicorn!"
- "Creep like a sneaky goblin!"
- "Ride a broom like a witch!"
- "Bounce like a jackalope!"

- **You can read extra rhymes from Magical Creatures during this activity for bonus fun and movement ideas.**

💡 *Perfect brain break or transition after coloring time!*

Step Six

Magical Creature Contest

Send students home with the contest activity page!

Each child can:

- Draw their own magical creature
- Name it and give it a special power
- (Optional) Add their own story or rhyme!
